- (c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain, or flood-related erosion areas, and cooperate with neighboring communities with respect to management of adjoining flood plain, and/or flood-related erosion areas in order to prevent aggravation of existing hazards.
- (d) Upon occurrence, notify the Administrator in writing whenever the boundaries of the Community have been modified by annexation or the community has otherwise assumed or no longer has authority to adopt and enforce floodplain management regulations for a particular area.
